

CAMP TANADOONA

Welcome to Camp Tanadoona. Tanadoona means "living out of door."

Camp Tanadoona is located on the shores of Lake Minnetonka and began camping operations on June 12, 1925. Once the summer residence of Governor John Lind and family, the site was purchased by the Minneapolis Council of Camp Fire with the backing of the Minneapolis Rotary Club.

Since its early beginning Camp Tanadoona has grown and expanded with additional land and buildings. Today the Governor's "Mansion" still stands and was renovated in 1983.

Located 25 miles west of Minneapolis, Camp Tanadoona encompasses 103 acres of woods, shoreline and open fields offering a beautiful natural setting for organized activities.

Tanadoona is equipped with modern conveniences, indoor plumbing, electricity, modern shower/bathroom facilities, large dining capacity - all in a natural outdoor setting.

Camp Tanadoona is an American Camping Association accredited site and meets all camping standards required by National Camp Fire, Inc.
