Drivers

- Meet your parties at Door 1 on the Baggage Claim level. If for some reason Door 1 is not accessible, meet at the next open door. Identify your car with some kind of Morris icon – kit rosette or hanky tied to the antenna, team sign on the car, hobby poking it's head out of the window...
- The pickup times are 20 min after arrival time. This assumes that the planes are on time and the Baggage Claim is reasonably efficient. If no one is there at the exact time, you may need to circle around if the security guards get annoyed.
- Please only pick up the people assigned to you unless instructed otherwise; we would like to avoid confusion for the driver after you waiting for someone who is already gone (this happened last year).
- If there is a problem and/or you cannot make it to the airport at your designated pickup time, call Derek at the Ale contact number that was emailed out.
