These 2 sheets were filled in
in advance by team members
and helped make airport runs
easier to organize.

The last sheet was given to
all those who made airport
runs.

If you would be willing to return someone to the airport on Monday, May 28,
when you return to the Cities, please fill in the information below.

Morris-Mobile Drivers

You are scheduled to pick up the following:

<u>Name</u>	<u>Flight</u>	<u>Arrival Time</u>
-------------	---------------	---------------------

You should call the airline before you leave for the airport to find out whether the flight is on time (or even early!). Arrive at the airport about 30 minutes after the flight lands. Drive to the Baggage Claim level and stop at Door #4, which is labeled for TWA-Northwest-Braniff. You should have a green ribbon tied to your car antenna. Look for someone who looks like a Morris dancer! Folks coming have been told to look for the green ribbon. If you can't locate your rider(s), circle once around and try again. If you still can't locate your rider(s), park and find out whether the flight was delayed, etc. Try paging them. If you still can't find them, try calling out to the camp - the number is 433-3446 - and we'll figure out how to proceed from there. Thanks!!
