MIDWESTERN MORRIS ALE

1981

This is a detailed outline of the mass dances that will happen on Saturday morning and afternoon. The general format of each mass dance is similar except hopefully every team will have a different demonstration dance for the morning and one for the afternoon. The mass dances will start with the Winster Processional for all Morris dances. This will be followed with a mass dance for everyone to participate. This mass dance will be one of the six listed below. This first mass dance will then be followed by a demonstration dance from one Morris team followed by a mass dance for all, another demonstration dance from another team, etc. The mass dances will end with the processional off, Bonny Green Garters, for as many as will. The afternoon mass dance will follow the same format. Listed below are the six mass dances and the two processionals. It is hoped that all teams will be able to at least do these dances in a marginal sense. We also hope to have the review of these dances on Friday night starting around 8:00.

The mass dances and the processionals as specified in Bacon are listed below.
