## CHILD CARE

Parents interested in working out child care please list your names here and where you can be reached (what cabin you are in, what team you are on...). It's up to you to find one another.

Staff will be at the camp during the day when we tour, so parents who wish to leave their kids at camp may do so if there is someone to supervise them. Older kids willing to babysit may also sign here (maybe you can make a few bucks on the side).
