

The following is some information you will find useful:

**POISON IVY** This camp is infested with poison ivy. It is growing at the edge of every path and is clinging to trees beside the paths. For your own comfort please stay to the paths or grassy areas and avoid casual intimacy with plants that you do not know well. If you must deviate from the safety of the paths (such as when parking your cars) be sure to have protection (long pants and shoes).

**PARKING** Please do not block any of the roads or paths.

**BATHHOUSES** There are three buildings which provide toilets, sinks and showers. Two of the bathhouses, located in the White Woods area (see map), are labeled for either men or women; we regret that the sink in one of them does not work and cannot be fixed. The toilets and sink in the third bathhouse, located in the Hollow by the Dining Hall are, for the convenience of everyone, available regardless of gender; HOWEVER, these showers are reserved for women ONLY.

**VALUABLES** Please keep valuables locked up when unattended. Car trunks are probably the safest storage places in camp.

**ANNOUNCEMENTS** There is a bulletin board in the Dining Hall for announcements (for example, workshop information). Please check it regularly.

**MESSAGES** There is a message board in the Dining Hall where anyone can leave a message for anyone else (for example, phone messages)

**T-SHIRTS** Someone on your team will be given all the T-shirts for your team and charged with the responsibility of distributing them to you. Questions about T-shirts should be directed to David Dettman.

**BUTTONS** Name Buttons are available in the Dining Hall; questions about Buttons should be directed to David Dettman.

**PAYPHONE** Located in "LOUNGE" near REDWOOD #37: (313)498-9770

**RESTRICTED DIETS** If you require a restricted diet, such as non-dairy, please check with the cooks as soon as you can. They are aware of these special diets and are eager to help. If you react very strongly to certain foods, they cooks are concerned that the aroma might cause you problems so please discuss that with them as well.

**SQUIRES** Please note the Squires meetings on Saturday 8:30am and Sunday 6:30pm.

**MUSICIANS** Please note the Musicians meeting on Saturday 8:30am.

**WORKSHOPS** Check bulletin board for announcements; questions should be directed to Carol Mohr.

**RIDE BOARD** Please sign up on the ride board if you need a ride or can give someone a ride at the end of the weekend; this includes airport transportation.

**CHECK-IN** Questions regarding registration fees, housing, or parking should be directed to Greg Meisner.

**ASSISTANCE** During "the day" the Dining Hall will always be a center of activity; somebody from Ann Arbor Morris and Sword should be there to help. "Middle of the night" assistance can be found in the "NIGHT OFFICE" next to REDWOOD #40. The phone number in the Dining Hall and Night Office is (313)498-2077.
