To everyone who came to the 1982 midwest ale:

We want you to know that we Oak Apples had a great time at the Ale. Thanks for coming and making it magic! We all made many new acquaintances, so we decided to put together and distribute an address list for all the registrants. Can you please send in addresses and phone numbers for the dancers from your team who came to Madison? We'll even include any nicknames, comments, slogans or impertinences you care to have associated with your name.

I have a large box of found items occupying floor space. Here's a listing of the contents. If something is yours, let me know when you send the addresses and I'll put your name on it and try to get it to you one way or another.
