

Squires/Contact persons:

Please see that each flying member of your flock gets the following information, and check with them that the flight info at the end of the message is correct.

Upon arriving at DIA, follow the signs for "Terminal" (and the crowd) to the wee underground trains that are the only way from the concourse to the terminal. Exit the train, and take the escalator at either end from the train (4th level) to the grand hall (5th level). Both escalators issue at a common exit, and you are staring at a temporary wall of ugly brown color. Bear right around that wall, and you will see a small booth "Ground Transport Info" That's our central meeting point. Find us here before claiming bags.

If we aren't at "Ground Transport Info", claim your bags (nearby, on the same level) and return here; there are a few sets of chairs within view of the Ground Transport Information kiosk.

Should you have a feeling of incipient panic, you may call Steve Winograd/Charmaine Getz' home at 303-447-8578. They will tell you that it's all right, stay where you are; but they serve as Action Central. Early pickups will be delivered to Steve and Charmaine's, 1810 Pine St. in Boulder, very near the Boulder Mall, and will be ferried from there up to Gold Hill (where the Ale happens) perhaps after some exploration of Boulder. Late pickups, arr. DIA after 16:04, will probably be driven straight to Gold Hill.

Because this is a more flying Ale than most, a few of us have a lot of pickups to make. A few guests will have to wait as long as 2 hours before your ride comes. Find things to do in the airport (see flyer available at "Ground Transport Info" - where else?) and be back at Ground Transport Info when the ride is expected.

Do have some silly item of Morris clothing available to identify yourself to us, as we shall to you.

If info here is wrong in any detail, or directions are not clear, email or phone me at 303-744-8682.

Chief bellboy,
Dennis Barrett
