The facility is an outdoor education center owned by Kiwanis.  
It is clean, well maintained, has a spacious dining hall for indoor dances.  
A scenic Plateau area is suitable for tenting with a central field to be used for for massed dances.  
Preliminary calculations indicate an Ale fee of not over \$90.

In addition, St Louis offers many fascinating, well populated sites for going on tour.

Mark your calendar now, and write to the address below to be placed on the list for further materials and forms which will be mailed sometime in the fall. Also send program suggestions.
